

The VOSTM Advantage

VOSTM provides the software and data protection that businesses need *without* the financial and operational burden of buying & maintaining servers.

VOSTM provides software like Microsoft[®] Word, Microsoft[®] Excel, Microsoft[®] Outlook email with Microsoft[®] Exchange Server, and **your** other business programs directly through a secure website. Businesses no longer have to buy or maintain servers! VOSTM takes care of the technology so clients can focus on their *business*. VOSTM clients can access their programs and their data from nearly any computer connected to the Internet!

- Free upgrades on Microsoft[®] Office programs
- Work from home or connect remote offices
- Daily Backup of your programs and data
- Consistent speed and responsiveness
- Predictable monthly service fee
- Secure data storage
- 24 x 7 support line
- and MORE!!!
