FOR IMMEDIATE RELEASE

VOST™ “No Server” Solution Defines New Era for Business

United States 14, May 2009 – VOST™ makes enterprise technology resources affordable for any size business. VOST™ offers immediate financial relief to businesses by providing Microsoft® Office, Microsoft® Outlook email, name brand accounting program and more for just over \$2/day per person on average. VOST™ clients access their programs and data simply by browsing the Internet. VOST™ services facilitate site-to-site connectivity, home offices, and workforce mobility at a fraction of the typical cost overhead for businesses.

VOST™ brings a revolutionary change to business with technology that delivers business continuity, advanced data security, and dramatic cost savings. The VOST™ service model is a clear divergence from traditional solutions and it is readily embraced by businesses across industries. VOST™ makes secure and scalable technology resources inexpensive for businesses to implement and manage.

With VOST™, there is no longer any need to buy or upgrade servers. VOST™ provides current Microsoft® Office software and future upgrades to clients at no additional charge. Programs are maintained and updated by VOST™ in world-class data centers to ensure maximum protection and reliability.

For additional information contact Aron Derstine or visit <http://www.GETVOS.com>.

ABOUT VOS, LLC:

VOST™ alleviates the financial and operational burden of technology from small to mid-size businesses by hosting and maintaining programs and data. VOST™ makes the end-user experience of running programs, storing data and sharing information as easy as browsing the Internet.

VOST™ service offerings include Microsoft® Office, client program hosting, program maintenance, secure data storage, remote access, daily backups, 24x7 technical support and more. The low cost makes the service affordable for any size business.

VOST™ systems are maintained in state-of-the-art, world-class data centers to provide maximum security, exceptional reliability and premium service.

VOST™ is a privately held company established in 2002 with headquarters in Columbus, Ohio. With clients throughout the United States, Canada, Mexico, and countries around the globe, VOST™ continues to grow rapidly both domestically and internationally.
